

Well Year 2, this is it. Our last week. It sure feels very strange that we're not in school to say goodbye to each other. When we began, way back in September 2019, not one of us expected that this is how it would end. I want you to hold on to the memories that we did have together. We learned together, laughed together and supported each other. I want to thank you for the wonderful time we had together. You are a special class and my first in Year 2. I will carry a little piece of each of you in my heart.

I would also like to take this opportunity to thank you all for working so hard on the activities I have uploaded for you on our class page. It has been a joy to receive your weekly emails and see your smiling faces. Thank you to all the helpers who have helped you at home and many of them who have also juggled their own work commitments. Words can never convey my sincere appreciation and gratitude.

Every Thursday in Lockdown we clapped for the people who have been working so hard to keep us all safe. Today I clap for all of you! My little heroes who have stayed at home and learned from home everyday-missing your school, friends, classroom and teachers- all to keep your friends and family safe. Well done! I will see you all in September – please come and say hello.

So please have a relaxing, happy and safe summer break which you have well and truly earned (and so have your parents) and I really look forward to seeing you all again when school re-opens in September.

If you need anything over the summer please do not hesitate to email and I will get back to you.–

Year2@st-margaretclitherow.nottingham.sch.uk

Lots of Love Miss O'Neill xxx

Learning Information – Wk beg 20/07/2020

English Work Wk beg 20/07/2020

Monday 20th July	Tuesday 21st July	Wednesday 22nd July	Thursday 23rd July	Friday 24th July
<p>Reading Comprehension The Elephant Child</p> <p>Read the text and then answer the questions.</p> <p>You do not need to print this off. You can read the text on screen and then answer the questions in your workbook.</p> <p>Remember to try and answer in full sentences.</p>	<p>This week, I have included a Home Learning Activity Book.</p> <p>All the activities in this book focus on reading and phonics. Work through as many activities as you want to. You don't need to print the pages off, you can just write the answers in your workbook or on a piece of paper.</p> <ul style="list-style-type: none">• Front cover – remind yourself of the sounds. Can you remember any words that included these sounds? <p>The book includes:</p> <ul style="list-style-type: none">• A word search – read the words and find them in the word search.• Adding suffixes to words ending in e – when a suffix (a group of letters added to the end of a word) is added to a word ending in e, you drop the e and add the suffix.• 60 second challenge – Time yourself. How many words can you think of including the given sounds on page 4.• Using a dictionary – Can you find the meanings to the words• Base words and suffixes game.• Be an author – Write a short story and try include the words on page 7.• Be an illustrator – Read the sentences and draw a picture to match.• Reading game – play the game and read the words around the board.			<p>Complete the SPAG revision mats.</p> <p>I have included 2 but if you only have time to do 1 that is fine. Choose the one you want to do.</p> <p>You don't need to print the mat out, you can just write the answers in your workbook.</p>

Maths Work Wk beg 20/07/2020

This week, the videos are back on the White Rose Website. Use the link to access the videos.

<https://whiterosemaths.com/homelearning/year-2/> Look at Week 11 (w/c 06/07/2020)

Watch the video and then complete the task sheet in the Maths resources section. If you need any help, please email me. I can also send the answer sheets if you need them. Year2@st-margaretclitherow.nottingham.sch.uk

Monday 20th July	Tuesday 21st July	Wednesday 22nd July	Thursday 23rd July	Friday 24th July
<p>Lesson 1 - Litres</p> <p>Litres is used to measure the volume of liquid in a container.</p> <p>Litres is bigger than ml 1000ml = 1litre</p> <p>Answer the questions about volume in litres, Be careful, you will need to look at the scale of each container. How much it goes up by.</p>	<p>Lesson 2 - Temperature</p> <p>Temperature is measured using a thermometer.</p> <p>Temperature can be measure in Celsius. We use a C for short.</p> <p>Answer the questions about temperature.</p>	<p>Lesson 3 - O'clock and half past</p> <p>A clock has 2 hands. A long one – the minutes A short one – the hour.</p> <p>In this lesson you will be looking at o'clock and half past times.</p> <p>o'clock – the minute hand always points to the 12</p> <p>half past - the minute hand always points to the 6. The hour hand will be past the hour it is.</p>	<p>Lesson 4 - Quarter past and quarter to</p> <p>A clock has 2 hands. A long one – the minutes A short one – the hour.</p> <p>In this lesson you will be looking at quarter past and quarter to</p> <p>quarter past – the minute hand always points to the 3</p> <p>quarter to - the minute hand always points to the 9. The hour hand near to the next hour</p>	<p>Complete some more of the booklet from last week.</p> <p>I don't expect for this to be completed in 1 week. Choose 6 questions to complete. This booklet will be used until the end of term.</p>

RE/Science/Art/Topic/RE - Wk beg 20/07/2020

I have left the tasks the same as last week. Look through the grids and decide what you want to do. You might also want to complete some over the summer.

RE	<p>The only think we have left to cover in RE is a different faith. The faith we will be exploring is Hinduism. You will be looking at how Hindu's worship at home.</p> <p>Use the information pack under RE and try and complete the 3 tasks set. These can found in the RE section.</p>
Science	<p>I have included a science investigation grid. You will find a range of fun science investigations that can be completed at home. These include looking at your teeth, making a sound-shaker, building your own rain gauge, creating a fruit solar system, doing sound experiments with noisy objects, and going plant-spotting.</p> <p>Have a go at some of them. You might want to save the document and have a go at them later on in the Summer.</p>
Art	<p>I have included an art grid. There are lots of different activities on there that will help you practise your art skills. These do not all need to be completed or all completed this week. Choose the activities that you want to complete.</p> <p>You can also think of your own art activities.</p>
Geography	<p>A few weeks ago, you looked at the continents and oceans of the world. Remind yourself of the continents and oceans of the world.</p> <p>Look at the geography grid. Complete some of the tasks to recap about the continents of the world and develop your place knowledge of the world.</p>
Have fun!	<p>I have included a grid with lots of fun activities that can be completed by yourself or as a family.</p> <p>These do not all need to be done this week. You could save the document and complete some of them over the summer.</p>

I have included some summer learning grids for reading, writing and Maths. Try and choose one activity a week to have a go at. This will help you to remember all the fabulous learning you have done this year and be ready for Year 3.

Have a great, safe and fun summer.
