## Let's spread messages of hope to the people of Nottingham!

We want to fill our city's streets with your messages of hope, visions of the future and colour – with posters, slogans, poems, letters and drawings created by you! Everyone from 3 – 25yrs can take part.

Now is the time to show that we are a strong community supporting each other through times of uncertainty and change, that no one is alone and that kindness can be found everywhere.

### How to get involved:

We want you to design a piece of art, poster, poem, message or slogan that will give those who see it a burst of hope and sense of positivity.

We'll then showcase all the designs, ideas and messages online and pick at least 25 designs to print and put up in public spaces, businesses and in windows across local communities in Nottingham.

On the other side of this page is your blank canvas which you can use to create your design, write your message or create your signpost.
