

Start Of Day Activity

Year 5 2020

First of all, apologies for the mistake on last week's SODA work. Gardening in the snow is very unusual and highly improbable! As a result, extra care has been to ensure that there are no similar mistakes this week.

Day 1

A clause is a part of a sentence which includes a verb.

1. Write a compound sentence about the picture and circle your verbs (there should be at least 2).

2. What makes this picture an optical illusion?

3. Using one of the simple sentences from task 1, write a complex sentence.

4. Which question would you ask about the picture?

Challenge: write a question with a question tag.

5. One use of a colon is that it follows a main clause with a description of the main clause after e.g. Despite being unbeaten in the last five games, Arsenal fans can still feel slightly disgruntled: we were robbed by the referee against Leicester City. **Please copy the main clause below and add some detail about it after a colon.**

Staring at this picture for too long can play tricks on your mind:

6. To write two cohesive sentences. Try to include a linking adverb and pronouns/synonyms.

2. Choose something in the picture. Describe it using adjectives. Please include a prepositional phrase? (challenge include a simile or metaphor).
3. Write two cohesive sentences to dissuade somebody to visit this location.
4. Can you write a sentence about the little boy (not in the picture) that can be found lost here, which includes a relative or non-finite clause?

2. Do you think that there is a positive atmosphere outside? Write a complex sentence (main clause and an adverbial).
3. Using the simple sentence from task 1, write a sentence that includes a preposition or prepositional phrase. Challenge: add a relative clause as well.
4. Can you find any hidden words in the picture? There are six hidden words in total. Can you find them? I can see 4!
