

## GOOD NEWS!

I have had some amazing news lately from Notts County Women's & Girls FC.

Last year I played for the under 9's girls football team. I thought that I would have to go for trials to play for the under 10's but because I played so well last season I have been offered a place in the Under 10's squad.

When I got the news it made me feel like I had just scored a goal!!

# BOOM!!!!

I am so excited to get back to see my team mates, my coaches and start winning football matches again when the season starts.

This was me at my first football match in 2019. Look how excited I am, and how clean my football kit is, it didn't stay like this forever! I play on Saturday and Sunday. I play in defence, left wing, and midfield.

The number on the back of my shirt was a 4 last season! I really hope I can keep the number 4 because it is my lucky number!

**We aren't allowed to train at the minute so I am getting lots of practise in my garden so that when we can start playing again I am fit and healthy.**
